Volunteer Program

Volunteer Program

Our group volunteer program is a way for teams of volunteers to help orchestrate our amazing pop up events on their corporate campus or at one of our pre-established locations.

About Us

Haircuts with Heart is a 501(c)(3) that provides services to the Bay Area's underserved communities.

Services:

- haircuts
- manicures
- makeup services
- events

Communities:

- unhoused
- veterans & their families
- woman
- children

When we partner with community based organizations, we create a pop up salon at their site, serving approximately 20-40 guests per event.

We recruit local, licensed hairstylists, barbers and manicurists and makeup professionals who all volunteer their time.
